EliteDrive throttle-controller plug database

Plug numbers follow the Ultimate9 / EVC numbering (our SKUs: EDTM###, EDST###, EDSS###). Built 22 Oct 2026 from the iDrive 2019 plug catalogue, the EliteDrive application lists (2022), the TROS plug cross-reference (2021), today's AU stock sheet and the live eBay listings. Numbers in **bold** are on the AU stock sheet; the small figures after them are today's on-hand (Throttle Master / Smart). "Swaps with" lists only the plugs that cross over on the stock sheet. Plugs with the same shape but a different setup are listed separately and must not be swapped.
